

Greater Outdoors Landscaping

About Our Company:

We are a landscape maintenance company specializing and focusing on commercial and residential properties. We have 20+ years in corporate landscaping and as an entrepreneur / business owner serving clients all throughout the great state of Maryland.

We are in the “PEOPLE” business, recognizing our clients’ needs, visions, and providing excellent service throughout the relationship.

Communication, customer service, honesty, and respect are what makes our company different, all contributing to a long – term client / contractor business relationship.

Mission Statement:

“Keeping Your Piece of the Earth Beautiful”

Contributing to a client’s life made a little easier and less stressful.

Our “Power Guarantee”

Companies throw that phrase around all the time and it becomes diluted and means very little any more.

Our “Power Guarantee” means if you are not happy with a service, and we can not correct it to your satisfaction, we will pay a contractor of your choosing to correct the issue at hand.
